## PREZ SEZ

I have only a few goals for 1986. The first is to establish a permanent record keeping system for all club records and documents. The Treasurer and secretary's notes should be maintained for future reference. Previous Board members are requested to bring past records to the club meeting for filing.

My second goal concerns finances. We are all aware of the changes being made concerning Ham Hum. We really don't know what the financial impact of publishing Ham Hum will be, and until we have a year or so of experience, fiscal restraint must be implemented.

Standing committees change almost every year, and each year the committees have to re-invent the wheel. I will ask the 1986 committees to create a notebook of committee information. This info may include such things as who to contact for access to the Boys Town field day site, or how much food is required on auction day. If these notebooks are maintained, Club functions will be operated more efficiently and at a lower cost.

I intend to take advantage of the wealth of knowledge and dedication contributed by our select committees. Charlie and Alma Rogers are known World-wide for their contributions to the Zero QSL Bureau. These fine folks have consented to continue operating the Bureau, and they will receive the unanimous support they deserve. Ellen Morrissey will continue to contribute as Executive Secretary and advisor to the board. Dick Fehrman and his financial experts will be our financial advisors, and will assist the new treasurer in establishing a permanent set of financial records.

The membership committee will be requested to establish a membership packet to inform potential members about our club. This committee will also be requested to make a copy of our By-laws available to every member.

One club member has advised me regarding monthly programs. He commented that programs seem to favor VHF and computer operation, and neglect the Low bander. Well, we have eleven Board members, and we need eleven programs. I will ask each Board Member to coordinate one program. This should increase the variety, and involve more people with presentations.

A closing thought......Hams are reputed to be expert communicators. Well, let's communicate. Talk with your board representatives. Let them know what you think, and what you want done. We cannot be good representatives if we don't communicate.

Finally, I intend to spend the next twelve months listening. Your board is charged with the responsibility of making decisions. I will preside, but I will not attempt to influence Board decisions.

The Bylaw governing the Lifetime Membership Program is reproduced here for your information.

AK-SAR-BEN AMATEUR RADIO CLUB members in good standing for two or more consecutive years are eligible for lifetime membership by paying a one-time fee of twelve and one-half times the full membership rate plus one years dues, to be deposited in an interest bearing lifetime membership account. This account shall be established to provide for payment of the lifetime members' annual dues from the accrued interest. Deposits shall remain in the account for a minimum of one year. Interest earned during this period may be withdrawn at the end of the fourth complete quarter to compensate the General Fund for surviving members annual dues, but the amount of the withdrawl shall not be greater than the annual dues. Unused annual interest shall be added to the principle amount. The principle may only be withdrawn when the lifetime member becomes a Silent Key. At that time, the Board Trustees shall have the authority to withdraw the principle amount and any remaining interest on behalf of the deceased lifetime member, and utilize those funds in the interest of the general membership. Future administrators of this plan are cautioned that the intent is to allow the interest principle amount accrue until sufficient funds are available to authorize the purchase or contruction of a membership clubhouse. While nothing shall prevent the membership or Board of Trustees from carrying out their rights and responsibilities granted them by The Articles, the Trustees are encouraged to give careful consideration to dispersment of these funds.

#### Editors note:

Lifetime memberships may be paid on a quarterly basis.
